Golden 'C'

Structured Lithium Water

1/2 fluid oz.

Information and Instructions for Use

GOLDEN 'C' Lithium

Structured Water is pure water infused with the energies of the **Golden 'C' crystal**, a **very special & extremely rare stone** mined near San Diego at the turn of the 20th century.

Golden 'C' crystals are either pale violet or clear with inclusions of tiny golden specks and threads. They are in the family of *Spodumene*, which includes Kunzite, Hiddenite and Tryphane. While it is classified as Kunzite when it is a pale violet color, or Tryphane when it is in its colorless form, it is actually **quite different in its elemental make-up** from all the other crystals in the family of Spodumene.

ELEMENTAL ANALYSIS

First, there is much more **lithium** in this stone than any other in the Spodumene family. To our knowledge, it **contains more lithium than any other stone on the planet**. It also contains the rare signature secret element, **gallium**. Since Golden 'C' contains gallium in combination with a high lithium content, as well as **beryllium** (the family of high frequency crystals such as emeralds & aquamarine), **Golden 'C' emits a signature one-of-a-kind healing energy**.

Golden 'C' Crystal

- lithium (35%)
- beryllium (61%)
- gallium (4%)

Twin Labs CoQ10

- lithium (23%)
- beryllium (65%)
- gallium (2%)
- calcium44 (10%)

Note: No physical lithium or any other mineral is contained in **GOLDEN 'C' Lithium Structured Water**. Only the **energetic frequencies** of the minerals within the Golden 'C' stone are contained in the **GOLDEN 'C' Lithium Structured Water**.

USES

Golden 'C' has the most **lithium** content of any stone known at this time. It is the most powerful lithium stone available today. The **GOLDEN 'C' Lithium Structured Water** created from this stone is equally as powerful and has many versatile uses. There are two ways of using **Golden 'C' Lithium Structured Water**:

1. Add a drop to 8-16 oz. purified water such as spring artesian, distilled or reverse osmosis and **take internally**, or add a drop to a cup of herbal tea or juice.
2. Add 1-2 drops to 8-16 oz. purified water such as spring artesian, distilled or reverse osmosis and **use as a mist**.

- Drinking water, juice or tea with a drop of Golden 'C' water clears your energy bodies from the inside out.
- It also has been shown to **improve the immune system**. Testing has indicated that it **helps to combat colds and flu symptoms** as well as **giving relief to most allergies, aches and pains**.
- **Spray above your head** and as the mist descends you are immediately surrounded with a golden aura of protection. According to a researcher, "This **aligns your chakras, aura and meridians**. It also **balances the positive and negative ions** around the body.
